Sub: Feedback taken on the academic performance and ambience of the institution from various stakeholders and requesting JNTUH to consider the outcome of feedback and incorporating at appropriate level as demand fit — Reg.

Respected Sir,

DR.V.RK Women's College of Engineering and Technology (College Code: H8) has collected feedback on the academic performance and ambience of the institution from various stakeholders (faculty, students, employers and alumni), analyzed and necessary actions have been taken at the institute level.

I would like to bring the following for your kind perusal and favorable action through Board of Studies concerned. This is to bring your kind attention that the engineering graduates are facing challenges to get employment opportunity. The institution and university are taking more constructive efforts to uplift the student community in all the ways.

I am very happy to submit the following information to strengthen the academic performance, curriculum and syllabus. For that, our institution is fulfilled the infrastructure as per requirement of AICTE, JNTUH. In addition to that, if the University is introducing the following valid input collected from Teachers, Students, Employers, and Alumni on curriculum that will be highly beneficial to all the stakeholders for further improvement. For that, the curriculum and syllabus may incorporate the following concepts / recent technologies

1. Human Computer Interaction ( (B.Tech - CSE)
2. Cyber Forensics(B.Tech- CSE)
3. Special Machines (B.Tech - EEE)
4. Engineering Mechanics (B.Tech EEE)
5. Spread spectrum communication (B.Tech - ECE)

These technologies and new subjects on industry 4.0 would certainly enable majority of the engineering graduates for employment opportunities and to build their career further.

I hope you will consider our request and take initiative to introduce the above mentioned technologies and courses as part of JNTUH curriculum by forwarding to BOS, Academics, JNTUH, Hyderabad.

Thanking You

DESPATCHAR
