ADD-ON PROGRAM
Data Analytics & Mining(DAAN01)
FROM 08-09-20 TO 28-09-2020

(34 HOURS)

The Department of Compute Science and Engineering, Dr.VRK Women's College of Engineering and Technology, Aziznagar has successfully conducted Add-on Program on Data Analytics & Mining for B.Tech (CSE) students from 08.09.20 to 28.09.20 during academic year 2020-2021. **Total -29** students enrolled the programme and 29 students completed add-on program successfully.

I thank Principal, HOD, Resource Person and students of Dr.VRKWCET for successful conduction of the programme. Finally, I thank the technical staff and volunteers for their support. Related photos are attached here with.

Programme Objectives	Programme Outcomes
• This course introduces participants to Data Analytic & Mining tools and best practices for deploying, evaluating, monitoring and operating production ML systems on Cloud. Data Analytic & Mining is a discipline focused on the deployment, testing, monitoring, and automation of ML systems in production. • Machine Learning Engineering professionals use tools for continuous improvement and evaluation of deployed models.	• Build upon the Cloud computing and data engineering concepts. • Apply Machine Learning Engineering to real-world projects. • You will dive into emerging topics in Machine Learning including Data Analytics & Mining.

1.Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories) 2. Learning to analyze and critically evaluate ideas, arguments, and points of view. 3. Learning appropriate methods for collecting, analyzing, and interpreting numerical information 4. Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course	1. Understand the fundamental design principles and different types of data visualization. 2. Identify both positive and negative impacts of data-informed decision across a variety of domains. 3. Apply the fundamental concepts of data visualization to define a project in your field of study. 4. Practice the core principles using widely available tools (e.g. Tableau).

ADD-ON PROGRAM
Electrical Smart Grids(EEE003)
08-09-2020 to 28-09-2020

34 (HOURS)

The Department of Electrical and Electronics Engineering, Dr.VRK Women's College of Engineering and Technology, Aziznagar has successfully conducted Add-on Program on Electrical Smart Grids for B.Tech (EEE) students from 08-09-2020 to 28-09-2020 during academic year 2020-2021. **Total -17** students enrolled the programme and 17 students completed add-on program successfully.

I thank Principal, HOD, Resource Person and students of Dr.VRKWCET for successful conduction of the programme. Finally, I thank the technical staff and volunteers for their support. Related photos are attached here with.

Programme Objectives	Programme Outcomes
1. Introduce fundamental principles and technologies of electrical smart grids. 2. Foster analytical skills to design and optimize smart grid systems. 3. Develop expertise in implementing control strategies for reliable and sustainable smart grid operation. 4. Examine the impact of smart grid technologies on the existing electrical power infrastructure. 5. Encourage innovative thinking to propose solutions for challenges in smart grid implementation.	1. Demonstrate a deep understanding of the principles and technologies behind electrical smart grids. 2. Apply analytical skills to design and optimize smart grid systems for efficient energy management. 3. Implement control strategies for smart grids, considering reliability and sustainability. 4. Evaluate the impact of smart grid technologies on the electrical power infrastructure. 5. Develop the ability to propose innovative solutions for challenges in electrical smart grid implementation.
