With respect to metric 2.1.2, we wish to submit the following clarification and necessary information for your kind consideration.

It is to bring to your kind notice that our institution, being a Muslim Minority institution, is exempted from the normal reservation (SC, ST, OBC, Divyanggan) except for the Muslim Minority students.

We are, in total following the reservation policy of the Government in respect of admitting the students and all the reserved category students admitted are from the Muslim Minority as indicated in the data uploaded in the SSR.

We are enclosing the following supporting documents as instructed in the Standard Operating Procedure(SOP) in the NAAC.

1. Copy of letter issued by State Government indicating the reserved categories to be considered as per the State rule
2. HEI'S Minority Status Certificate
3. National Commission for Minority Educational Institutional Rules
4. Final admission list indicating the category as published by the HEI and signed by the principal.

The below table shows the actual number of students admitted from the reserved category year wise during the last five years. Since ours is a Muslim Minority Institution, we have entered the reserved category admitted students data in the "Others" column of the below table as directed in SOP.

As per the State Government order enclosed herewith, 70% seats in the Minority EDUCATIONAL Institutions are to be reserved for the respective minority candidates based on the Merit/EAMCET rank. In compliance with the Government Order 70% seats in our Institution are reserved for Muslim Minority candidates as indicated in the table below under "Others" column. The below table also shows the number of students admitted from the reserved category of 70% seats.

Rights of Minority Educational Institutions

The National Commission for Minority Educational Institutions Act 2004 (2 of 2005) as amended by the NCEI (Amendment Act 2006) lays down rights of Minority Educational Institutions as under:-

Right to establish a Minority Educational Institution:-

1. Any person who desires to establish a Minority Institution may apply to the Competent authority for the grant of no objection certificate for the
2. The Competent authority shall:-
 - On perusal of documents, affidavits or other evidence, if any; and
 - After giving an opportunity of being heard to the applicant, decide every application filed under sub-section (1) as expeditiously as possible, as the case may be:

Provided that where an application is rejected, the Competent authority shall communicate the same to the applicant.
3. Where within a period of ninety days from the receipt of the application under sub-section (1) for the grant of no objection certificate:-
 - The Competent authority does not grant such certificate; or
 - Where an application has been rejected and the same has not been communicated to the person who has applied for the grant of such certificate;

It shall be deemed that the Competent authority has granted a no objection certificate to the applicant.

After obtaining minority status certificate, the institutions have the following rights in terms of Article 30 (1) of the Constitution and Section 2(g) of the

1. To choose its governing body in whom the founders of the institution have faith and confidence to conduct and manage the affairs of the institution.
2. To appoint teaching and non-teaching staff.
3. To admit the students of its community. Non-minority students cannot be forced upon it. Neither the policy of reservation on admission can be nor any quota or percentage of admissions can be carved out to be appropriate by the State in a minority education institution. But if the institution receives financial aid from the State then Sub-Article (2) of Article 29 of Constitution obligates the management to admit non-minority students to a reasonable extent.
4. To receive a reasonable fee structure of its own.
5. To take disciplinary action against any member of its erring staff.

It has been held by the Supreme Court in Case of P.A. Inamdar Vs. State of Maharashtra [2006 (6) SCC 537] that:

1. The policy of reservation in admission cannot be made applicable to a minority institution.
2. The policy of reservation in employment can not be made applicable to a minority institution.

Further, a minority educational institution covered under Article 30(1) of the Constitution including a Madarsa is exempted from the purview of the Right to Education Act, 2009.

Regulation of Minority Educational Institutions

August 10, 2020

According to Art 30 of the constitution, all minorities, whether based on religion or language, shall have the right to establish and administer educational institutions of their own choice. Further, the state shall not discriminate against any institution in granting aid to them on the ground that it's under the management of a minority. Protection of rights of the religious and ethnic minorities is the backbone of India's secular values. The Article 30 of the Indian constitution is one of the many provisions that ensure preservation of minority rights.

Benefits available to minority institutions

- Minority educational institutions are exempt from constitutional reservation for SCs, STs, and OBCs as required to be done by other educational institutions (Art 15(5)).
- In respect of control over representatives, minority educational institutions have substantially more power than other institutions.
- In case of admission of students, minority educational institutions can have reservation up to 50% for the students of their own community.

Regulation of the institutions

- The Supreme Court held that the state is well within its rights to introduce a regulatory regime in the national interest to provide minority educational institutions with well-qualified teachers in order for them to achieve excellence in education.
- The managements of minority institutions cannot ignore

fundamental right under Article 30 of the Constitution to establish and administer their educational institutions according to their choice (Art 30(1) is neither absolute or above the law).

- Regulatory law should however balance the dual objectives of ensuring standard of excellence as well as preserving the right of the minorities to establish and administer their educational institutions.
- When it comes to the right to appoint teachers, in terms of law laid down in the TMA Pai Foundation case, a regulation framed must necessarily apply to all institutions regardless whether they are run by majority or minority.
- The court broadly divides education into two categories – secular education and education directly aimed at preservation and protection of the heritage, culture, script and special characteristics of a religious or a linguistic minority.
- When it comes to the latter, the court advocated maximum latitude to be given to the management to appoint teachers. The court reasons that only teachers who believe in the religious ideology or in the special characteristics of the concerned minority would alone be able to imbibe in the students, what the minorities would like to preserve, profess and propagate.
- However, minority institutions where the curriculum was purely secular, the intent must be to impart education availing the best possible teachers.
