A One-day workshop on "Writing and Submission of Papers in Symposium/Conference/Journals" was conducted by EDC on 23-08-2018. The Chief Guest Prof.Dr.R. Nagarajan, Associate Professor, MGIT in Hyderabad, opened the session with some motivational words about Intellectual Property Rights. She described distinct programs offered by the government. The resource person Prof.Dr.R. Nagarajan, Associate professor of our department, explained the objective of the work shop and delivered the lecture about Writing and submitting papers in symposium/Conference/Journals. He said that the first factor to keep in mind is the need to ensure that you have a clear, logical message. The second is to present your paper in the correct format for the journal to which you intend to submit the paper. The stages in submitting a paper are as follows: writing a draft. ...Once you feel you have a solid conclusion to present, you need to prepare a final draft of your paper (see "How to write a scientific paper") in the format of the journal to which you intend to submit. Follow the guidelines.

- Submitting your paper reacting to a journal's response.

The students interacted with the resource person and finally thanked the gathering by the Principal of DR.VRKWCET.
